UNION DEMOCRATIC PLATFORM. ADDITED IN STATE CONVENTION JANUARY, S, 1962. WHEREAS, The Democratic party having, from

the date of its organization, been in favor of the maintenance of the Union and the preservation of the Constitution, and seeing in the present condition of the country the deplorable effects of a departure from its time-honored and conservative principles, and the triumph of sectionalism; and firmly inflaving that the Union and the Constitution can be preserved alone by the restoration of that per y to power, we invite all true Union men throughout the land to unite with us in sustaining its orgenization and carrying out its principles:

Therefore. Resolved, 1. That we reaffirm and endorse the politics principles that from time to time have been got forth by the National Conventions of the De nocratic party.

Shat we are unalterably attached to the Constitution, by which the Union of these States was formed and established; and that a faithful observence of its principles can alone continue the existence of the Union, and the permanent happiness of the people.

3. Shat the present civil war has mainly resulted from the long continued, unwise, and fanatical gitation, in the North, of the question of comesni slavery, the consequent organization of a geographical party, guided by the sectional platforms adopted at Buffalo, Pittsburgh, Philadelphis, and Chicago, and the development thereby of actional hate and jealousy, producing (as had long been foreseen and predicted by us) its countedart in the South of secession, disunion, and arreed resistance to the General Government, and terminating in a bloody strife between those who should have been forever bound together by fratern bonds, thus bringing upon the whole countries calamity which we are now to meet as loyal dizens, striving for the adoption of that mode of settlement best calculated to again restore usion and harmony.

4. hat in rejecting all propositions likely to result in a satisfactory adjustment of the matters in disp's between the North and the South, and y those measures which would have se cured the border slave States to the Union, and a hearty 2 operation on their part in all constitutional and legal measures to procure a return of Southern States to their allegiance, the Republican party assumed a fearful responsibility, and acted in total disregard of the best interests of the whole country.

That if the party in power had shown the same disire to settle, by amicable adjustment, our internal dissensions before hostilities had actually mmenced, that the Administration has recentle exhibited to avoid a war with our anemy. Great Britain, we confidently be lieve that peace and harmony would now reign throug ant all our borders.

That the maintenance of the Union upon the principles of the Federal Constitution should be the Controlling object of all who profess loyalty to the Government-and in our judgment this puriose can only be accomplished, by the ascende cy of a Union party in the Southern States, which shall, by a counter revolution, displace these who control and direct the present rebellion. That no effort to create or sustain such a party an be successful which is not based upon a define's settlement of the questions at issue between se two sections; and we therefore demand that so e such settlement be made by additional constitutional guaranty, either initiated by act of Congress or through the medium of a National

7. That the Republican party has fully demonstrated us inability to conduct the Government throug its present difficulties.

3. That we are utterly opposed to the twin

heresic Northern sectionalism and Southern secession, as inimical to the Constitution; and that fremen, as they value the boon of civil liberty and the peace of the country, should frown indign tly upon them.

9. That in this national emergency the Democ-

racy of sindiana, banishing all feeling of passion and resentment, will recollect only their duty to the whole country; that this war should not be waged a the spirit of conquest or subjugation, nor for the purpose of overthrowing or interfaring with the rights or institutions of the States. but to fend and maintain the supremacy of the Constitution, and to preserve the Union with all the dignity, equality and rights of the several States himpaired; and that as soon as these objects ar accomplished the war ought to cease. 10. That we will sustain, with all our energies. a war it the maintenance of the Constitution, and of the stegrity of the Union under the Constitution; bed we are opposed to a war for the emanci

pation of the negroes, or the subjugation of the Southern States. 11. 2 hat the purposes avowed and advocated by the Forthern disunionists, to liberate and arm the negro slaves, is unconstitutional, insulting to izens, a disgrace to the age, is calculated to retail the suppression of the rebellion and meets

our un qualified condemnation. 12. Shat the total disregard of the writ of habeas cirpus by the authorities over us, and the seizure and imprisonment of the citizens of loyal States where the judiciary is in full operation, without warrant of law and without assigning any cause on giving to the party arrested any opportunity of efense, are flagrant violations of the Constitutio and most alarming acts of usurpation of power, which should receive the stern rebuke of every liver of his country and of every man who prizes the security and blessings of life, liberty and

Shat liberty of speech and of the press are guaran@ed to the people by the Constitution, and none box a usurper would deprive them of these rights; they are inestimable to the citizen and formid ble to tyrants only. And the attempts which have been made since our present unfortunate trobles, to muzzle the press and stifle free discussion, are exercises of despotic power against which feedom revolts and which can not be tolerated without converting freemen into slaves. 14. That the seizure of Slidell and Mason, on board a neutral vessel, on the high seas, was office.) either in accordance with international law, and so legal; or else in violation of such law, and so illegal. If the former, we lament that our nation has been humiliated by their surrender, under a threat; if the latter, it was the duty of the Ad ministration at once to have disavowed the act of their of per, and instead of incarcerating the cap-

fort Warren, to have immediately ree wrong by placing them, as far as pracn the same condition in which that offiound them. In either event, the action dministration was vacillating fand cowardly, and degrading to the dignity of a great nathe action of the Republican party.

as many ested in the partisan character of all appointments of the Administration to civil office: and, in solding party caucuses by the Republican members of Congress for the purpose of impressing upon the legislative action of that body the peculiar dogmat of that party, have demonstrated that their as of "sacrificing party platforms, and party organizations, upon the altar of their country," are busso many hypocritical and false pretences by which they hope to dupe the unwary into their support; and we warn all loval persons, as they love their country, not to be deceived thereby. 16. That the disclosures made by the investi-

gating committee in Congress of the enormous frauds that have stalked into the army and navy departments, implicating the heads of those departme s in a connivance at, if not an actual participation in a system of corruption, and in which or brave soldiers have been defrauded of their proper supplies, and our Government threat ened with bankruptey, demands a thorough investigation into all our expenditures, both State and National, and that a speedy and marked example made of all such "birds of prey," who, taking Edvantage of the necessities of our country, have fed and fattened upon public plunder. Resolved. That the meritorious conduct of the Indians troops, in every battle field where victory has perched upon the national banner, has filled the people of this State with the highest grati-tude to her gallant sons, and that we send our es to officers and men, dispersed throughcountry, and the heartfelt greetings of mocrat for their further brilliant achieve ments is the coming contests for the maintenance of the Constitution and the Union.

I at once made application to the most skillful physicians in the country, but receiving no assurances from them that my hair could again be restored, I was forced to become reconciled to my fate, until fortunately in the latter part of the year 1857, your restorative was recomnended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time I have used seven dollars' worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy. As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances,
